

## BUNKERS MAY GIVE STATE'S EVIDENCE

District Attorney Said to have Promised Pardon

GOVERNOR PARDEE SAYS HE WILL CONSIDER IT.

Only One so Far Convicted May Thus Secure Liberty By Pleading Upon Other Three.

SACRAMENTO, Sept. 4.—The readings from the ranch of the Del Paso breeding farm, the property of James B. Haggin, were sold at auction at Sheepshead Bay today. The stock offered was good, the bidding spirited throughout and excellent prices were realized. Next to the top prize was a yearling colt, the son of Imp. Watercross-Arnet, the top price of the sale, he also bought a colt by Toddington-Misfortune for \$3500. The other best sales were:

Ch. c. by Imp. Golden Garter-Armour, etc. A. J. Joyner, \$2500.  
Ch. c. by Imp. Golden Garter-Florida, etc. A. J. Joyner, \$2000.  
B. f. by Imp. Watercross-Jana, E. R. Thomas, \$3100.  
B. c. by Imp. Star Ruby-La Cachucha, T. O. Webster, \$2500.  
B. f. by Imp. Golden Garter-Miss Maxim, J. M. Mackey, \$1200.  
B. f. by Imp. Watercross-Tangerine, W. Allison, \$2700.

Hay or br. f. by Imp. Watercross-Rosalinda, W. Allison, \$2000.  
B. c. by Imp. Toddington-Rose Law, James Griffin, \$1200.

## AWFUL STORM ON LAKE SUPERIOR

Score of Lives Probably Lost In Shipwrecks

STEEL STEAMER SEVONA BROKE IN TWO ON REEF.

Schooner Pretoria Sank—Schooner Olive Janette Missing—Thrilling Story of Heroism.

DULUTH, Minn., Sept. 4.—Eighteen or twenty lives were lost and property valued at half a million dollars sacrificed in the furious storm that swept over Lake Superior Sunday and Monday night. The steel steamer Sevona, bound for Duluth, was the most disastrous wreck. The ship, which had been in the lake for several days, was driven ashore by the wind and broke in two. The crew, consisting of thirty men, were scattered in all directions. Some were rescued, but many were lost. The schooner Pretoria, bound for Duluth, was also driven ashore and sank. The schooner Olive Janette, bound for Duluth, was also driven ashore and is missing. The storm was the most severe in the history of the lake. The wind was a gale, and the waves were high. The temperature was below zero. The storm began on Sunday night and continued through Monday night. The damage to property was estimated at half a million dollars. The loss of life was estimated at eighteen or twenty. The steel steamer Sevona was the largest ship on the lake. She was built in 1903 and was valued at \$1,000,000. She was carrying a cargo of lumber. The schooner Pretoria was a small ship. She was built in 1901 and was valued at \$100,000. She was carrying a cargo of lumber. The schooner Olive Janette was a small ship. She was built in 1901 and was valued at \$100,000. She was carrying a cargo of lumber.

One of the most thrilling stories of the storm was that of the schooner Pretoria. The ship was driven ashore by the wind and broke in two. The crew, consisting of thirty men, were scattered in all directions. Some were rescued, but many were lost. The schooner Olive Janette, bound for Duluth, was also driven ashore and is missing. The storm was the most severe in the history of the lake. The wind was a gale, and the waves were high. The temperature was below zero. Very jaunty and stylish, made of all wool tan covert, short box coat, new cut, same as picture, satin lined, full plaited walking skirt; you'd think it more than... **\$14.00**

### Fall 1905 SOME NEW SUITS

Of course the ladies of today read a woman's journal of some sort where the fashions are surely to the front. We are not telling you anything new when we say plain materials, such as broadcloths, etc., are to the front this fall made with the long three-quarter coat, tight fitted back, making it very stylish and swell for street wear; also the short box coat which is jaunty and much approved. Mr. Gottschalk expressed us a small assortment of these two popular styles for first showing. Come in and see them.

### Cut Prices on School Supplies

It will pay you to buy your school supplies at Gottschalk's because prices are going to be lower than the lowest. Watch for full particulars about school supplies soon.

### The New Black Silks For Fall 1905

We were about cleaned out of black silks. Mr. Gottschalk had them shipped direct from the factory by express. Perhaps you are aware that silks dried out by the sun, through the hot summers here are about worthless. Every piece of silk contains so much oil. When this evaporates the silk is left crisp and will crack and cut. Our guarantee goes with every yard.

## LABOR DAY ON THE DIAMOND

TACOMA LOST THE SERIES TO LOS ANGELES.

Portland Shut Out Oakland Twice — San Francisco and Seattle Broke Even.

TACOMA, Sept. 4.—Tacoma lost the last game and the series to Los Angeles. The home team took the lead but Emerson grew wild, four bases on balls and two wild pitches giving the visitors two runs and the game, score, R. H. E. Tacoma... 2 5 1 Los Angeles... 3 3 1

At Portland—Although Oakland secured four hits in the fifth inning, they were unable to get one of their players across the plate, and were shut out by Portland this morning. Score: R. H. E. Portland... 0 0 0 Oakland... 0 0 0

Batteries—Essick and McLean; Iberg and Byrnes.

In the afternoon game Oakland could do nothing with Corbett's delivery and was again shut out. Blexrud was an easy mark for the Portland batters. The field behind Corbett was of a high class. Score: R. H. E. Portland... 0 0 0 Oakland... 0 0 0

Batteries—Corbett and Cornall; Blexrud and Stanley.

At San Francisco—Seattle and San Francisco each won a game today. The locals took the morning game with a score of 10 to 3, while Seattle won in the afternoon with a score of 8 to 5.

In the morning game San Francisco piled up eight runs on four base hits in the second inning. Toward the end of the game Rouch replaced Hall as pitcher for the Swashes.

San Francisco started with a lead in the initial inning in the afternoon game, in which both pitchers were heavily battered. However, Seattle won out by bunching hits. Score: R. H. E. San Francisco... 10 10 1 Seattle... 3 7 1

Batteries—Gitt and Wilson; Hall, Rouch and Gray.

Afternoon game—R. H. E. Seattle... 8 16 1 San Francisco... 5 8 3

Batteries—Miller and Blankenship; Whalen, Benley and Wilson.

American League.

At Cleveland—Ables' wildness in the first two innings gave Cleveland victory over St. Louis this morning. St. Louis' only run was due to Turner's error. A double play by Stovall and Turner in the ninth prevented St. Louis from tying the score. Attendance, 1400. Score: R. H. E. Cleveland... 2 7 0 St. Louis... 1 6 1

Batteries—Clarke and Jones; Roth and Ables.

St. Louis shut out Cleveland this afternoon, Howell being extremely effective. Bernhard was hit hard. Attendance, 2600. Score: R. H. E. Cleveland... 0 5 3 St. Louis... 7 10 0

Batteries—Bernhard and Clarke; Howell and Spencer.

At Philadelphia—The Philadelphia won out this afternoon. They tied the score in the eighth inning by hitting Townsend safely four times. Vandyke relieved Coakley in the ninth and held Washington safe, while Hughes was hit for two singles, which, with a sacrifice, won the game. Fully 10,000 persons were turned away from the park. Attendance, 20,100. Score: R. H. E. Philadelphia... 4 10 1 Washington... 1 11 3

Batteries—Twinsen, Hughes and Kittredge; Coakley, Waddell and Schreck.

Washington was powerless before Bender in the morning game and was shut out. Bender was in excellent form and allowed the visitors but two scattered hits. Attendance, 6100. Score: R. H. E. Philadelphia... 5 8 1 Washington... 0 2 2

Batteries—Bender and Schreck; Patten and Hayden.

At Detroit—The Detroit continued their recent good playing by winning the double header from Chicago before the largest crowd since the opening day. Jones was put off the grounds for kicking in the second. Attendance, 7500. Score: R. H. E. Detroit... 3 11 3 Chicago... 1 8 0

Batteries—Mullin and Estell; White and Sullivan.

Second game—R. H. E. Detroit... 3 6 1 Chicago... 2 10 3

Batteries—Kilian and Warner; Owens and McFarland.

At New York—The New York Americans and Boston broke even today. The second game was called after the Boston had their seventh inning on account of darkness. The visitors were easy winners of the first game. Chesbro was relieved by Hogg after the fifth inning, but the latter was wild and last, but not one inning, during which Boston scored three runs. Goode took Hogg's place and did splendid work. In the second game New York won out in the sixth by making six safe hits off of Hughes. Attendance 7000. Score: R. H. E. New York... 4 12 6 Boston... 9 7 6

Batteries—Chesbro, Hogg, Goode and McGuire; Barry, Tappin and Criger.

Second game—R. H. E. New York... 8 13 2 Boston... 5 9 4

Batteries—Powell, Newton, Kleinow and McGuire; Gibson, Hughes, Armbruster and Criger.

National League.

At Pittsburgh—The morning game was won by Pittsburgh in ten innings. The pitching and fielding on both sides was excellent. The winning run was made on a three-base hit by Wagner and a single by Brann. Attendance, 3200. Score: R. H. E. Pittsburgh... 3 10 1 Chicago... 2 4 1

Batteries—Lover and Gibson; Briggs and Kling.

Pittsburgh won the second game by outplaying Chicago at every point. Chicago made its three runs in the sixth on a base on balls, two hits and an error. Leach's sensational one-handed catch of Kling's fly and Slagle's assist were the features. Attendance, 12,950. Score: R. H. E. Pittsburgh... 4 10 2 Chicago... 3 3 2

Afternoon game—R. H. E. Pittsburgh... 4 10 2 Chicago... 3 3 2

Batteries—Hildebrand and Peitz; Brown and Kling.  
At St. Louis—St. Louis took a double header from Cincinnati, winning both contests by superior playing. Walker blew up in the first game and Overall was outpitched in the second. Attendance 3500. Score: R. H. E. First game—St. Louis... 9 18 0 Cincinnati... 2 11 2  
Batteries—Theilman and Grady; Walker and Street.  
Second game—R. H. E. St. Louis... 3 7 0 Cincinnati... 2 5 1  
Batteries—Egan and Grady; Overall and Street.  
At New York—The New York Nationals won a double header today before a holiday crowd. The second game was called at the end of the eighth inning on account of darkness. Attendance, 6000. Score: R. H. E. Morning game—Philadelphia... 0 1 1 New York... 7 7 1  
Batteries—Sparks and Doolin; McGinnity and Bresnahan.  
Second game—R. H. E. Philadelphia... 0 1 1 New York... 1 10 2  
Batteries—Duglosky, Pittinger and Doolin; Mathewson and Bresnahan.

## FATAL SHOOTING ABOUT A BABY

FATHER KILLED HIS BROTHER-IN-LAW IN FIGHT.

Attempted to Secure His Child from Mother's Possession and Met With Resistance.

CHICAGO, Sept. 4.—Albert Brandt, 32 years of age, an engineer, was mortally wounded yesterday in a fight with his brother-in-law, Thomas Harris, for the possession of Harris' 15-month-old daughter. Brandt was taken to the county hospital, where he died an hour later.

Harris married Brandt's sister four years ago. Mrs. Harris left her husband soon after her marriage because she said he would not support her. After her first child was born he induced her to return to him, but she left him again six months ago, taking her two children with her. Since then he is said, Harris has made three attempts to kidnap his baby daughter. Each time Mrs. Harris or one of her brothers recovered the child.

Harris went to the residence of Brandt's mother yesterday accompanied by his brother Stephen, and demanded the child. A fight ensued in which the Harris brothers were beaten about the head with a hammer wielded by Albert Brandt. At the time he was shot Brandt had in his hand a revolver with which he attempted to slay the Harris brothers. After he fell, his brother Simon, seized the weapon and fired several shots at Thomas Harris. After the shooting the Harris brothers escaped and were captured four hours later.

## DRUNKEN CARELESSNESS CAUSED THE DROWNING OF FOUR EXCURSIONISTS.

DETROIT, Sept. 4.—Painful shrieks at the flash of flames when a lighted match was carelessly thrown into gasoline on the bottom of the launch "Bon Hir" late last night at the St. Clair Hotel, a number of the thirty passengers on the launch jumped overboard. Four of them were drowned. Their names were: August Menger, of Cleveland, and H. J. Weiss, of Michigan. Miss Becker and Miss Newman, all of Detroit.

The launch was carrying a party of people to the hotel near Algonquin from a dance at Joe Bedore's hotel. According to the owner of the launch, one of the passengers who had been drinking kicked open a cask on the engine he flew out on a quantity of gasoline to flow out on the floor and then, after lighting a cigar, carelessly threw the match into the gasoline.

## J. HAMILTON LEWIS DENIES THE REPORTS OF MAYOR DUNNE'S CHANGE.

NEW YORK, Sept. 4.—J. Hamilton Lewis, corporation counsel of Chicago, who is in this city en route to New York, R. I., where he will spend a vacation of ten days, said in an interview yesterday that there was no truth in the report that Mayor Dunne of Chicago had abandoned his original plan of municipal ownership in favor of a qualified franchise to a private company. He said that before the end of the year Mayor Dunne would have in operation the only complete, municipalized street railway in the United States.

# NEW FALL TOURIST COATS, \$15.00

Some that arrived last Saturday by express. The swell jaunty mannish looking coats you will see worn on the streets in the big cities soon. We are really showing them a little ahead of time, but there is a decided advantage in getting the new garments as they first come in. The evenings will soon be cool enough to wear them in; they are priced very low now to create early selling. They come in covert cloth, 42 inches long, mixed tweeds, loose and semi-fitting backs, shawl collars or collarless.

### TALK NO. 47

### Misfits

We have been talking a good deal about the dangers of doing without glasses when they are needed, but haven't said much about the evils of wearing misfit glasses. Lenses chosen at haphazard or carelessly adjusted, will more often aggravate the defect than relieve the strain. If you are already wearing glasses but find that you tire easily or have frequent headaches, you need your glasses changed. Even if they fitted you when you bought them, you have outgrown them now. If your frames are good it will only be necessary to change the lenses.

There isn't a better equipped examination room in the state than we have, and ten years of practical experience built on a technical training at the Chicago Ophthalmic College and Hospital is a guarantee to you of the most capable service. The patrons we've had are well pleased patrons. You will be too, if you come to us for your glasses.

## LABOR'S DAY AT HANFORD

The Celebration Was An Enthusiastic One—Richardson's Address.

HANFORD, Sept. 4.—In point of enthusiasm the celebration of Labor Day in this city was a decided success, but the number of union men participating in the parade and other features fell somewhat short of the expectations.

The special train which brought the Fresno contingent to this city was delayed and in consequence it was 11:45 when the parade started. There were upwards of 300 men in line and the two divisions, headed respectively by the Fresno contingent to this city was the Hanford Concert band, were composed of the following unions:

Fresno Local Union No. 294 Painters and Decorators.  
Fresno Local No. 1496, Carpenters and Builders.  
Fresno Local No. 170, Retail Clerks.  
Fresno Local, Red Carriers.  
Fresno Local, Cooks and Waiters.  
Fresno Local, Laundry Workers.  
Hanford Local, Carpenters and Builders.  
Hanford Local, Painters and Decorators.  
Hanford Local, Retail Clerks.  
Hanford Local, Barbers' Union.  
Fresno Local, Butchers' Union.  
Fresno Woman's International Label League.

Visalia Local, Carpenters' Union.

There were a number of carriages in the parade carrying the officers of the day and the City Trustees. Taken altogether the parade was one which greatly encouraged the labor unions of this city.

The procession disbanded at 12:30 and the time until 2 was spent in eating lunch and getting acquainted.

At the last named hour all assembled at the Grammar school grounds where the following program was rendered:

Overture, Fresno Sixth Regiment Band.  
Invocation, Rev. W. C. Geyer, chaplain of the day.

Remarks, A. M. Taylor, president of the day.

"Bots of the Old Brigade," Hanford Male Quartette, (D. H. Shields, W. T. Lee, R. P. Gillette and Dr. E. H. Smith).

Musical, Fresno Sixth Regiment Band.

Reading, "A Sister's Scheme," Mabel Gillette.

Oration, N. A. Richardson, orator of the day.

Song, "Drink to Me Only," Hanford Male Quartette.

Music, Fresno Sixth Regiment Band.

President A. M. Taylor delivered a brief but very cordial address of welcome and then introduced the Hanford male quartette, whose singing evoked much applause, and an encore was graciously rendered. Mrs. Gillette, the well-known Hanford educator, read in her usual delightful form.

Professor N. A. Richardson, as the orator of the day, delivered the most earnest address in favor of the workingman ever heard in this city.

He began by saying that if he was to announce a text it would be these words: "Workingmen of the world unite. You have nothing to lose, but your chains; you have a world to gain." The speaker then went on to show that machinery, the product of the 19th century, was the first cause that robbed the laboring men of their jobs. At first they sought refuge in the safety valve of the undeveloped country of the west, but now that has to an extent become filled up and it has become necessary to organize and to fight capital with organized labor.

Step by step, the speaker took his hearers through the different struggles of the laboring masses, and in the end told them that they were now up against the "iron hand of wages" and the only thing for them to do was to write down their demand and then have the courage to go to the ballot with what they had written. If a party could not be found who would meet their demands, then create a new party, and put such men in power as would carry out their wishes.

The address was listened to by nearly 1000 people and as the speaker closed his remarks he was given three hearty cheers.

The exercises at the school grounds came to a close at 5 o'clock and some of the visitors returned to their homes on the 5:50 Southern Pacific train, but the larger part of them remained for the ball, which was given to-night in the Hanford Opera House.

The day was decidedly laboringman's day. Every thing was closed up and all of Hanford turned out to make the celebration a success, a fact that was exceedingly gratifying to the labor leaders in this city.

The baseball game played today between the Thomas Eyer Juvenile team of this city and the C. B. B. Mono Street Club of Fresno, resulted in a victory for the former club with a score of 14 to 10.

The parade, Thomas W. Lawson of Boston was on the program for a speech but failed to arrive.

TOPEKA, Kan., Sept. 4.—Labor Day was celebrated here by an immense parade of the local unions, followed with a celebration at Vinewood park.

The feature of the parade was the striking Santa Fe machinists bearing banners with various literary decorations that read: "Machinists' union, we give the strikers from the thousands of spectators."

FUREKA, Sept. 4.—Labor Day was celebrated by a big parade in which over twenty-five unions participated. There were about 3000 men in line. Military exercises were held at the Occidental pavilion. There was a grand ball this evening.

LOS ANGELES, Sept. 4.—Labor Day was generally observed in Los Angeles by every organization of the trades and crafts. A parade through the business section of the city this morning was the chief attraction. There were forty-one unions in line, comprising more than 4000 men, many in uniform and carrying flags and banners. This afternoon there was a barbecue and picnic.

STOCKTON, Sept. 4.—A general closing of the stores, banks and courts marked the observance of Labor Day in this city today. The labor organizations of the city united in a picnic at Oak Park, where games and dancing were indulged in. A baseball game between the building trades' council resulted in a victory for the former. A. L. Cowell delivered an address.

SPOKANE, Wash., Sept. 4.—Labor Day was observed by rival celebrations, the trades assembly having speeches and games at Minnehaha park, while the labor council held forth at the Hamilton park. A successful parade took place under the labor council's auspices.

SEATTLE, Sept. 4.—The newly completed \$50,000 labor temple was dedicated in this city today immediately following the Labor Day parade. The largest affair of its kind ever seen in Seattle. After the dedicatory exercises the big building was thrown open to the public for the first time and a reception lasting all the afternoon and night, at which 5000 people were in attendance, took place.

SAN JOSE, Sept. 4.—Features of Labor Day in this city included a general cessation of business, a parade of labor unions and a grand ball this evening. The parade marched through the streets, headed by several bands of music.

SAN JOSE, Sept. 4.—The most showing ever made by organized labor in this city is being made here today. There was a parade this morning in which 5000 marched and there will be an afternoon barbecue at the amusement park with a ball this evening. G. M. Warren is president of the day.

BERKELEY, Sept. 4.—President Benjamin Ide Wheeler of the University of California was the principal speaker at the Labor Day celebration at Idora park. He discussed present industrial conditions.

OMAHA, Sept. 4.—A speech to union labor by William J. Bryan was the principal feature of the Labor Day exercises in Omaha. Bryan spoke at the Cornland beach to 5000 union men and their families.

PITTSBURG, Sept. 4.—Labor Day was observed here today by a parade in the morning, in which it is estimated 15,000 men marched.

PHILADELPHIA, Sept. 4.—The labor unions of this city celebrated the day by a combined parade. More than 10,000 men paraded.

ST. LOUIS, Sept. 4.—Seventeen thousand workmen paraded here today.

LOUISVILLE, Sept. 4.—Labor Day was generally observed in the South today.

### NEWS OF VISALIA.

Baseball Game Breaks Up in Row in Ninth Inning.

VISALIA, Sept. 4.—The Bakersfield ball team won from the locals yesterday, in the contest marked by numerous errors. The game broke up in a row in the ninth inning at which time the score stood 9 to 3. Tubbs and Simpson did the slab work for the local nine and Turner and Bare for the visitors.

Labor Day was not generally observed in Visalia. The offices in the courthouse were closed and the United States land office, while the postoffice observed holiday hours. All the stores and banks with the exception of the barber shops remained open. The carpenters and masons left off work and attended the celebration at Hanford.

An action has been begun by the Tulare irrigation district against John Bassore and Rachel Bashore and John E. Stedman, who are suing them for the water from the Evans ditch into the north branch of the Tulare irrigation ditch. Alfred Daggett is attorney for the ditch company.

A marriage license was issued this afternoon to Robert Wilhelm Keller, aged 28, and Cleo Blanch Johnson, 29. Both are natives of California and residents of Kaweah.

At the last meeting of Visalia camp, Woodmen of the World, Virgil Reed and M. S. McMillan were initiated into membership.

C. J. Giddings, cashier of the Bank of Visalia, and Mrs. Giddings, returned last night from Portland, where they had been attending the exposition. They also visited Seattle, Tacoma and other cities in Washington and Victoria in British America. They were absent three weeks and report a pleasant trip.

Dr. T. J. Peterson, the veterinarian, who has been in Visalia for several months, left last night for Ferndale, Humboldt county, where he will reside.

The following named members of the local Carpenters' union left this morning for Hanford, where they attended the Labor Day celebration at that place: B. Cameron, Robt. Weisbar, B. U. Heberling, E. A. Jones, Carmen Vena, James Kite, D. M. Toothacre, Joe Johnson, Joe Watson, W. J. Gorman, C. L. Rosenquest and Messrs. Gould, Thut and McCarty. Ed Patten, of the local Plasterers' union, also attended.

Constable E. A. Gilliam brought back Lucas Sauer and Sam Brunner from Bakersfield last night. They are charged with beating a bill at a local boarding house.

N. O. Bradley returned yesterday evening from San Francisco, where he enjoyed a week's outing.

The Misses Morgan left this morning for Eaglesville, Modoc county, where she will spend the fall and winter.

P. W. Jacob of Cedar Falls, Iowa, arrived this morning and is visiting his brother, Thomas Jacob.

Mrs. M. L. Petty arrived home yesterday afternoon from Mendocino county, where she had been spending some time.

Mrs. C. A. Bisher and child left last evening for Santa Ana, where she will spend some time.

Miss Edith Anderson of Hanford, who has been the guest of Dr. and Mrs. A. D. Patterson for three weeks, left for her home this morning.

Mrs. H. G. Parson, went to Fresno this morning on a visit to relatives.

Mrs. T. O. McSwain returned yesterday from San Francisco and other coast cities where she has been visiting.

Miss Attie Howard and Miss Minnie Williams left last night for San Francisco.

Mr. and Mrs. L. B. Martin left yesterday for Glasgow, Missouri.

Deputy District Attorney R. E. Roth has gone to the Bartlett Springs for the benefit of his health.

Mrs. Bertha Houghton of Bakersfield is visiting her mother, Mrs. Rowden.

Mrs. M. E. Groves returned Saturday night from Portland, where she has been attending the fair.

Miss Louise Anderson is here from San Luis Obispo on a visit to relatives.

W. H. Wallace of Mesa and R. C. Baker of Phoenix, Arizona, are the guests of William White.

NEVADA DAY SPORTS AT THE STATE FAIR FULL OF INTEREST

SACRAMENTO, Sept. 4.—This was Nevada day at the California state fair and Phibes and Washoes, squaws as well as men, rode in races, affording unbounded amusement to the great crowd of spectators. Minnehaha, a dusky maiden from the vicinity of Pyramid lake, was the winner of an exciting mile race, making the time in 2:25. A mile race for Indian boys went to Charlie Sides, son of the late Johnson Sides, chief of the Washoes. Bronco riding followed the racing, being an animated exhibition of wild western life.

the morning, in which it is estimated 15,000 men marched.

PHILADELPHIA, Sept. 4.—The labor unions of this city celebrated the day by a combined parade. More than 10,000 men paraded.

ST. LOUIS, Sept. 4.—Seventeen thousand workmen paraded here today.

LOUISVILLE, Sept. 4.—Labor Day was generally observed in the South today.

the morning, in which it is estimated 15,000 men marched.

PHILADELPHIA, Sept. 4.—The labor unions of this city celebrated the day by a combined parade. More than 10,000 men paraded.

### TWO DAYS' HAUL.

Judge Briggs Will Have a Big Bunch This Morning.

The police had a very busy time Sunday and Monday and all of the grape pickers that had money, tried hard to drain the town of the intoxicating liquor. Several blind beggar tourists were taken in. A couple of Italian sheep men, who were violating the city ordinance by allowing their sheep to run loose on the west side of town, were also arrested. Those who ran afoul of the law were: Jake Nichols, drunk, arrested by Officer Akers; Francisco Morales, blind beggar tourist, arrested by Officer Anberry; A. Perrio, drunk, arrested by Special Officer Farnum; John Doe, drunk, arrested by Officer Stevens; E. J. McDonald, drunk, arrested by Officer Browkaker; Wm. Smith, vag, arrested by Stevens and Corley; Wing Long Yung, selling merchandise without a license, arrested by Officer Weiler; Pat Bradley, drunk, arrested by Welch and Farnum; Tom Green, drunk, arrested by Welch and Farnum; Pedro Arrieto and Martin Uriu, arrested for violating city ordinance by allowing their sheep to run loose on city property, by Officer Farnum.

A couple of Italian sheep men, who were violating the city ordinance by allowing their sheep to run loose on the west side of town, were also arrested. Those who ran afoul of the law were: Jake Nichols, drunk, arrested by Officer Akers; Francisco Morales, blind beggar tourist, arrested by Officer Anberry; A. Perrio, drunk, arrested by Special Officer Farnum; John Doe, drunk, arrested by Officer Stevens; E. J. McDonald, drunk, arrested by Officer Browkaker; Wm. Smith, vag, arrested by Stevens and Corley; Wing Long Yung, selling merchandise without a license, arrested by Officer Weiler; Pat Bradley, drunk, arrested by Welch and Farnum; Tom Green, drunk, arrested by Welch and Farnum; Pedro Arrieto and Martin Uriu, arrested for violating city ordinance by allowing their sheep to run loose on city property, by Officer Farnum.

Judge Briggs Will Have a Big Bunch This Morning.

The police had a very busy time Sunday and Monday and all of the grape pickers that had money, tried hard to drain the town of the intoxicating liquor. Several blind beggar tourists were taken in. A couple of Italian sheep men, who were violating the city ordinance by allowing their sheep to run loose on the west side of town, were also arrested. Those who ran afoul of the law were: Jake Nichols, drunk, arrested by Officer Akers; Francisco Morales, blind beggar tourist, arrested by Officer Anberry; A. Perrio, drunk, arrested by Special Officer Farnum; John Doe, drunk, arrested by Officer Stevens; E. J. McDonald, drunk, arrested by Officer Browkaker; Wm. Smith, vag, arrested by Stevens and Corley; Wing Long Yung, selling merchandise without a license, arrested by Officer Weiler; Pat Bradley, drunk, arrested by Welch and Farnum; Tom Green, drunk, arrested by Welch and Farnum; Pedro Arrieto and Martin Uriu, arrested for violating city ordinance by allowing their sheep to run loose on city property, by Officer Farnum.

INEXCUSABLE FOREST FIRE.

A great forest fire has been raging for six weeks in the Yosemite National Park, between Wawona and Yosemite, devastating two full mountain sides in the magnificent Sugar Pine forest, obscuring the view in California's most famous show spot, and furnishing a most striking illustration of the "inefficiency of military control under lax conditions of peace and irresponsibility." This fire is raging in the most public and accessible place in all the California forests. A fine wagon road passes directly through it, and there are telegraph and supply stations all along the road. The fire started six weeks ago, within sight of the tent of the officer commanding the troops in charge of the park, and has been burning ever since, within a few miles of the main camp of these troops, and along their principal route of travel. It is in the open forest belt, where fires spread most slowly, and are most easily controlled. If over a fire was ideally located for purposes of exhibition in quick fire-fighting, this is the one. It is as if a city fire were to be started across the street from an engine house, with full warning to the fire department of the time and place at which it would be set. The sleepiest fire department would have such a fire out before it could do a dollar's damage.

The fact, then, that this fire has raged absolutely unchecked is beyond all possible excuse. A tale, probably malicious, is told by the valley folk, of the military style of fire fighting. They say two soldiers did go out to fight the fire, one day. After a while they were discovered, near the fire zone. One of them was asleep and the other was throwing up a bunch to keep the fire from reaching his sleeping comrade. The tale is probably mythical. Civilians under military rule are not likely to do justice to soldiers. But as an illustration of military fire-fighting, even this tale can hardly be an exaggeration. The mere fact that a fire so accessible and so favorably located for suppression was not suppressed, though the men were at hand to suppress it, sent for that purpose, is conclusive evidence that no intelligent or energetic fire-fighting has been done. A half-dozen forest rangers would be ashamed to let such a fire get away from them, started at their very doors. No possible explanation can excuse more than a hundred soldiers for letting it go.

FAITH AND POISON.

"Only faith is necessary. If I have faith I can drink this and it will not hurt me," said a San Diego crank, just before swallowing a bottle of carbolic acid, of which he promptly died. We call such a man crazy. If we could catch him before he took the acid, we would lock him up and compel him by physical force to act on the judgment of sane people as to the probability of poisons. If he attempted to administer the poison to others, especially to his own helpless children, we would imprison him at once, and keep him locked up, for safety, if insane, and for safety and punishment, if sane. And we would pay no attention whatever to any arguments or scripture texts whereby he might demonstrate the harmlessness of poisons when purified by faith.

All this we do with the poisons that come grossly, in a bottle, and the lunatic who seeks publicly to defy them. But with the poisons that lurk subtly on the miasmic breezes, or develop secretly in the metabolism of human tissues, we follow the opposite course. The practitioner who exorcises these poisons with incantations, who opposes infection with argument, is tolerated. To permit a child to drink poison, and refuse to administer an antidote at hand, is murder. To permit a child to contract diphtheria, and then refuse to permit the use of anti-toxin, or other medical treatment is Christian Science. The one is a crime; the other is a religion. Yet the two are exactly the same. The Klebs-Loeffer bacillus can be seen as definitely, through a microscope, as the label on a poison bottle can be read through your spectacles. It is all a matter of size and curvature of lenses. And the white membrane of diphtheria is quite as tangible a physical fact as the white burns of carbolic acid. To the normal human mind and sense, the one is as real as the other, and the abnormal mind which denies the one is no more safe at large than that which denies the other. Whether it be murder or religion, reliance on spiritual force to neutralize physical poison is a vain thing, and one not to be tolerated where either the rights of others, or the rights of the state in one's own life are involved.

WAR AND PROSPERITY.

Business men engaged in the Oriental trade do not look for an immediate boom of the explosive sort, as the result of ending the war. The cessation of war orders, enforced economy in Japan owing to the high taxes and no indemnity, and the present occupation of all means of transportation by returning soldiers, will at least steady the reaction. But the general boom, beginning in the not distant future, can not fail to be enormous. The Russian navy must be rebuilt at an expense of at least \$200,000,000, a large part of which will go into channels of American trade. Japan must now devote herself to internal development and the exploitation of her territory. This means a great increase in commerce, even not counting on the opening of China, which will certainly be a final and probably an immediate consequence of the war. All this means new railroads, telegraphs, mines and ships. The internal development of Russia will mean even more of all these things. The buying and selling population of the world is soon to be doubled, its available resources multiplied, and

all its channels of trade increased. Some of this movement will begin at once, and it will not stop until it has transformed the face of the commercial world.

If President Roosevelt could set fashions in this country, like a European monarch, there would be bankruptcy in the umbrella business. The president and Mrs. Roosevelt walked home from church Sunday three miles in the rain, without umbrellas, just for the fun of the thing, though there was a closed carriage ready to carry them home. It is a freak taste, doubtless, but no more extreme than the unreasonable terror with which most Americans run from a drop of rain, or the unanimity with which they regard the man who "doesn't know enough to come in when it rains" as the most hopeless of imbeciles. As every one knows who has been caught in a rain storm in the mountains, with no umbrella or roof within twenty miles, a good rain-soak is an experience rather refreshing than otherwise. The president may be a freak in his liking for it, but he is not quite a fool, old maxims to the contrary notwithstanding.

Members of the Taft party visited the old section of Canton yesterday. "They made many purchases and were treated with great respect," says the dispatch. Naturally. People who "make many purchases" are usually "treated with great respect" by those of whom they purchase.

LABOR FOR THE ISTHMIAN CANAL

CIVIL SERVICE COMMISSIONER ON THE PROBLEM.

Employment Agencies will be Opened in Several Cities and Conditions Made Easy.

OSTYER BAY, N. Y., Sept. 4.—An official party entertained at luncheon today by the president and Mrs. Roosevelt including Postmaster General G. B. Cortelyou, Senator Beveridge of Indiana, Judge W. J. Penfield, solicitor for the state department and Civil Service Commissioner Alfred W. Cooley. The commission was called to Oyster Bay to consider with the president some phases of the civil service regulations, as applied to employees on the Panama canal. Commissioner Cooley says that, great difficulty has been experienced by the civil service commission in procuring the right kind of skilled labor for work on the canal.

"It was proposed at first," said he, "that employees be exempted from the civil service, but Chairman Shonts did not approve of the idea because he desired that some authorized body outside of the canal commission should pass upon the qualifications of applicants. It went over the whole matter with the president.

"It has been decided now that Chairman Shonts will appoint an employment agency in each of the New York, Chicago and New Orleans, and the civil service commission will make these agencies members of our local civil service boards in those cities. Applicants for positions on the canal work will be required to comply with stipulated regulations, which will not be made very rigid. This will enable the canal commission to get the kind of labor it wants with a minimum of difficulty."

WHEN WAR GIVES PLACE TO PEACE

SOUTHERN MANCHURIA WILL BE OPEN TO TRADE.

Japanese Commercial Houses are Already Making Beginnings—Railway Will Bring Immigrants.

PEKIN, Sept. 4.—Commercial men of North China here and believe that the opening of Southern Manchuria to foreign trade will be incident to the new status of the territory now occupied by the Japanese troops. Representatives of many large Japanese firms, engaged in various sorts of enterprises, have been investigating the possibilities of the country, and are impressed by its wealth. It remains, however, to be seen how large a proportion of the Japanese population will take up a permanent residence there. A majority of those there that it may have been killed by the army, but some of the large firms and many of the small traders propose to remain and exploit the country, if it proves profitable.

The second and Wiju railway will be extended via Feng Wang Cheng to form a junction with the Manchurian railway at Liaoyang in the Japanese zone. The possession of the Manchurian railway gives the Japanese the right to settle all the towns along the line with their own people, and other advantages will be enjoyed by the same privileges of the open door.

Cocoon, Cowan was called No Fire-baugh yesterday afternoon by a message that a man had been killed. The man was left in an automobile and will not return until today. No particulars of the killing were obtainable.

BROKER ARRESTED FOR SWINDLES UPON INSURANCE COMPANIES.

NEW YORK, Sept. 4.—Upon the request of the police of Pittsburgh, where it is explained, he was wanted to answer to a charge of embezzlement. Arthur G. Marshall, a broker, 40 years of age, was taken into custody here to-night. Marshall is said to have been an active official of the Lafayette National and American Mutual fire insurance companies. Through agents in New York and the principal cities of the United States and Canada he is alleged to have written \$2,000,000 of fire insurance and then to have left Pittsburgh.

YELLOW FEVER IS DECREASING

DESPITE APPARENT LARGE NUMBER OF NEW CASES.

Difficulties of the Situation are Added to by the Approach of "Moving Day."

NEW ORLEANS, Sept. 4.—Report to 6 p. m. New cases 58 Total to date 2082 Deaths 5 Total 296 New foci 16 Cases under treatment 321 Discharged 1469 Several causes contributed to an increase in the number of new cases today. One was the fact that there is a complete cleanup of cases on Sunday, leaving some to find their way into the Monday list. Another was the arrest and incarceration of Dr. Philip Berge, a physician of standing, on a charge of having failed to report two Charles street cases. Dr. Berge was arrested at midnight Sunday, and spent fourteen hours in a cell. Another cause was a similar experience physicians were particularly prompt today in reporting cases, seventeen of them appearing in person early in the day at Dr. White's office.

Not all of the cases reported are likely to develop actually into yellow fever, but the doctors have evidently done up on the side of excessive caution if they err at all. Dr. Berge, in the meantime, insists that his failure to get his information to Dr. White's office was unintentional. He communicated to the emergency hospital. When arraigned today Dr. Berge was released on a nominal bond.

The great majority of physicians have been successful in operating with Dr. White. Hereafter Dr. White expects to have absolutely no complaint to make of directions among members of the profession. The fact that the situation is unchanged except perhaps for the better is evident from the relatively small number of deaths recorded, against seventy-two on the same date in 1873.

Dr. White and the advisory committee of the New Orleans society today sent a letter to the mayor in connection with the near approach of the "moving day," October 1. The doctor says: "Persons removing from infected localities may later develop the fever in uninfected neighborhoods, thereby developing new foci. Others now residing in uninfected houses may contract the disease by moving into houses where mild cases of fever may have occurred and recovered without medical attention. Non-immune coming into such houses will almost inevitably contract yellow fever, thereby adding to our present troubles."

The doctors urge that the mayor take such steps as may be necessary to delay the general movement for thirty days. The mayor promised to act in the matter.

The hopefulness in the situation among the public at large was manifested in the large crowds which viewed the labor parade today.

PAUL'S VALLEY, I. T., Sept. 4.—Paul's Valley today established a quarantine against Mayville, a small town fifteen miles west, on account of a suspected case of yellow fever. Health inspectors from Gainesville, Texas, say it is a case of malaria fever and cirrhosis of the liver, and there is no need of a quarantine, but one was established as a matter of precaution. The patient is convalescent and unconscious at this point. It is understood that Gainesville has established a quarantine.

NEW ORLEANS, Sept. 4.—Dr. Brody, the medical inspector of the state board of health, reported that many physicians were not reporting mild cases of yellow fever.

Following are the reports: Patterson, 9 cases, 1 death on Waveland plantation. Lake Providence, 8 cases, 1 death. St. Bernard parish, 1 case near slaughter house. Jefferson parish, 3 cases, 2 deaths. Hanson City, 4 cases. McDonoughville, 3 cases. Clarke, 2 cases. Terre Boine, 1 case. Belle Grove, 4 cases. Arnaudville, 1 case. Bayou Terrence, 1 case. St. Charles parish, St. Rose, 7 cases. Pecan Grove, 2 cases. Prichard, 1 case. The Place, St. John, 7 cases since last report. Amelia, 8 new cases. La Houe, 2 new cases. Gulfport, Miss., 5 new cases. Mississippi City, 2 new cases. Vicksburg, 2 new cases.

RIFLEMEN SHOT IN HEAVY RAIN

UNFAVORABLE CONDITIONS ON THE SEAGIRT RANGE.

Recumbent Marksmen Laid in Pools of Water—Results of the Day's Shooting.

SEAGIRT, N. J., Sept. 4.—Probably never before in the history of military rifle events in this country has a series of events been conducted under such unfavorable conditions as those which marked today's matches in the national shooting tournament here. The riflemen suffered many inconveniences, and the time being compelled to lie in the pools of water or stand under a heavy downpour of rain. The men who faced the targets were drenched, but they persisted in shooting. The Hale, squadded revolver and carbine team, inter-dub and inspector's matches.

The contest was not finished. The team from Princeton University, the only entry, fired over the 500 yard range this afternoon and will complete the final stage at 500 yards tomorrow, and take the prize cup by default.

The winners in the several matches concluded today are as follows: Hale trophy match, Captain Wells, New York.

Squadded revolver match, Private Lebonville, New York.

Carbine team match, first troop, New Jersey.

Inter-dub match, Manhattan rifle and revolver association.

The Washington state rifle association second team, was fifth with 211.

Inspector's match, Lieutenant Casey, New York.

INVESTIGATION OF INSURANCE METHODS BEGINS TOMORROW.

NEW YORK, Sept. 4.—Sixty witnesses have been called to attend the first session of the legislative insurance investigation committee which will be held here Wednesday. Unusual efforts have been made by the committee, and its counsel to keep the session on the opening session. All that any of the committee would say today was that it was probably that witnesses would be examined the first day and that they would be representative of not one, but several insurance companies.

The Equitable Life Assurance Society today filed its reply to the recent subpoena brought to have the Equitable put into the hands of a receiver by J. Wilcox Brown, a policy holder. The reply is a demurrer asking that the society be not compelled to make any answer to Brown's bill of complaint.

LIGHTWEIGHT GO IN THE OPEN AIR WON BY LEWIS.

DETROIT, Sept. 4.—After flooring his opponent twice in the first round and tying with him for the remainder of the contest, Willie Lewis of New York, was given the decision over Jack O'Brien of Chicago in a fifteen round battle in the open air at Fairview today. It was Lewis' first fight west of the Alleghenies and his performance won the admiration of nearly all the 2000 spectators who assembled to see the match. The New Yorker proved himself master of every point of the game. His work was clean and clear cut from the start, and the contest was the prettiest seen in Detroit in several years. Lewis will challenge the winner of the Britt-Nelson fight at San Francisco.

AWFUL MURDER OF BONNY CHILD

MOTHER AND PARAMOUR KILLED AND HID IT.

Man Objected to Child's Presence Because It Was In The Way—Woman Confessed.

NEW YORK, Sept. 4.—A self confessed accomplice in the murder of her 2-year old daughter, whose mutilated body was subsequently bathed and neatly clothed in its best clothes and then taken to the open door way of a West side tenement house, Agnes Hyland, aged 25 years, was locked up tonight.

Gustav Denzer, a plumber, with whom the woman lived as his housekeeper, was also under arrest. The mother told the police that Denzer killed her baby Gertrude because "it was in the way," and that she helped to dispose of the body. The janitor of the tenement this morning stumbled over the body, which was wrapped in a newspaper, lay in the corner of the dark stairway. Physicians found a mortal wound on the temple. The mother said she saw the body apparently made by a pen knife.

Later in the day the body was identified by the janitress of a tenement on West Forty-fifth street, the home of the mother, who had been arrested by police or Denzer, and the confession of the former, followed.

According to the mother, the child, who was an attractive, robust youngster, was a victim of which he said he had blue eyes, was beaten to death the previous night because Denzer, who has three children of his own, objected to her presence in the house. The mother washed the baby to remove blood stains and dressing it, carried it to the doorway where it was found.

Denzer denied the murder of the child, to the surprise of which he said he had objected. He said that at the request of the mother he had punished Gertrude Sunday night, and afterward left the child when he returned the mother told him that the child was dead and he went with her to dispose of the body.

CLODBURST IN NEW YORK STATE

TWO VILLAGES WERE NEARLY WIPED OUT.

Houses Were Washed Down the Main Streets—Details Lacking—Loss of Life Feared.

UTICA, Sept. 4.—The villages of New Berlin and Edmeston were nearly destroyed by a cloudburst last evening. It had been raining all day and the streams were very high. About 7 o'clock there was a terrific fall of rain and in less than thirty minutes the streams became torrents that swept buildings from their foundations, uprooted trees, washed out telegraph and telephone poles, destroyed the railroads running through those villages and washed out great sections of the roads and docks of bridges. The extent of the damage cannot be detailed as communication was cut off early today, and little news can be obtained from the flooded district.

In New Berlin a large house occupied by Mrs. J. M. Deming was washed down through the main street and carried away. The woman was not seen, and it is supposed that she has been drowned.

Three barns containing horses and other stock, blacksmith shops, carriage shops and two small houses were also washed down the main street. The congregation at the Presbyterian church was imprisoned in the church during the night and could not be rescued until daylight today. Then they were taken out on a raft. Cellars in all the business places were filled with water and the damage to the business part of the village is very large. It is stated that there is no prospect of the railroads being opened for several days, and the highways are so badly damaged as to be impassable.

A large part of the village of Edmeston was torn up by the floods and the damage will amount to thousands of dollars. Several small towns besides the two named have suffered severely but news cannot be secured from them.

PEXSACOLA, Fla., Sept. 5.—Four new cases of yellow fever developed here today, all being in the original infected district with the exception of one, which was in the district of the United States dredge boat Caucasus. The party on board, that vessel spent several nights in the district now infected after the dredge had reached here from New Orleans. The new cases have the fever in mild form. There are several suspicious cases.

Sheriff Van Pelt tonight swore in fifty additional deputies and a complete coroner's board, and are working to prevent persons leaving.

JACKSON, Miss., Sept. 4.—Yellow fever is spreading steadily along the Gulf coast. Cases were reported from Gulfport, and two from Mississippi City tonight.

CHOLERA STILL IS INCREASING

CONCERN ENTERTAINED IN BERLIN BECAUSE OF IT.

Sixty-Five Cases and Twenty-Three Deaths Already Have Occurred in Prussia.

HAMBURG, Sept. 4.—The authorities declare there are no new cases of cholera in Hamburg and they believe the further spread of the disease is impossible.

Thirty-one Russian emigrants who arrived here with the Russian who died of the disease August 29, and who were bound for the United States, as well as 1900 others discharged from the Hamburg-American line steamer Moltke, have been detained on board the company's steamer Bulgaria, anchored in midstream in the Elbe, off Brunsbüttel for four days, without the disease breaking out among them. They have, however, been subjected to a thorough fumigation and all their baggage has been disinfected. These emigrants have been examined daily by the company's doctors and if tomorrow passes without symptoms of the disease the Bulgaria will sail for the United States Thursday.

Otto Ecker, a director of the Hamburg-American line, said to the Associated Press today that he was confident there was no cholera among passengers on board the Bulgaria, as otherwise the captain would not dispatch the ship, because of the danger of having to bring back 1000 emigrants at the company's expense.

He said, "It is to the interest of the company to take no risk of shipping the disease to America. As soon as we discovered the case among the Russian emigrants we immediately wired all our agents to refuse further bookings of emigrants. This order will remain in force until we are satisfied the danger has been passed."

BERLIN, Sept. 4. (5 p. m.)—It was officially bulletined today that sixty-five cholera cases and twenty-three deaths have occurred in Prussia, of this number ten new cases and three deaths were reported up to noon today. While anxiety is not yet the word to describe the feeling of the imperial health officers, concern over the cholera situation does exist. Most of the new cases do not break out among the quarantined persons, but are suddenly heard of in detached farm houses or villages not contiguous to the Vistula. Hence the inference is that infected districts are widening slowly and the measures to hold the disease strictly within the existing boundaries have not been fully successful. These measures, however, are being sharply increased. Orders were issued today to close all refreshment houses along the Vistula, except those located in towns. These small restaurants and bars are frequented by rivermen who are the most likely to be infected.

In anticipation of cholera reaching Berlin the government began the erection yesterday of two barracks for cholera patients or suspected illness near Berlin and also established an inspection station for river traffic.

MARIENWERDER, West Prussia, Sept. 4.—Five new cases of cholera have been reported, two at Thorn, one each at Krabowka, Mocker and Treul.

All the annual meetings of various societies, such as agricultural, veterans and religious bodies, fixed to occur in this part of Prussia during September, have been indefinitely postponed owing to the outbreak of cholera.

BROMBERG, Prussia, Sept. 4.—The local government has been notified of the following cases of cholera: One each in Nakel Stoever, Carnin, Briedendorf, Romanshof and Walkwitz and two in Weisschoche. Three deaths have occurred in the Bromberg district.

CULM, Prussia, Sept. 4.—Of the nine cholera cases first discovered here, four deaths have occurred. All the dredgers which operated along the Vistula are under close observation.

PARIS, Sept. 4.—The ministry of the interior has adopted energetic measures to protect the frontiers against cholera coming from Germany.

A Chicago Challenge. CHICAGO, Sept. 4.—President James A. Hart, of the Chicago National league ball club, today issued the following challenge: "Chicago, Sept. 4, 1905.

"Charles A. Comiskey, president of the American League Baseball club, Chicago, is challenged to a series of seven games to be terminated when either team has won four games, for the championship of Chicago, the games to be played under the rules and regulations governing the contest for the professional championship of the world and games played between the National and American league clubs, approved by the National commission, February 16, 1905, and accepted by the National and American leagues, except that the share to the players shall be 60 per cent of the gross receipts of the first four games, instead of 40 per cent, as is provided for by the rules, the series to begin on Tuesday, October 10, the games to be played daily in alternate grounds as decided, the ground for the first game to be mutually agreed upon."

"Respectfully," "JAMES A. HART, President."

GRAND ARMY ENCAMPMENT

FIRST BUSINESS TRANSACTED IN DENVER.

Thousands of Sightseers Thronged the Streets Which are Most Elaborately Decorated.

DENVER, Sept. 4.—The first official business of the thirty-ninth annual encampment of the Grand Army of the Republic was transacted today when the national council of administration met, and selected E. P. Stilings, of Boston, for the office of junior vice commander-in-chief to fill the vacancy caused by the death of Commander in Chief Wilmon W. Blackmar and the promotion thereby of the two officers below him in line. The council also approved the work of its executive committee performed during the interim since the last encampment and audited the accounts.

The reports of the official visit of Commander-in-Chief Blackmar upon the reception tendered his party by General George W. Cook, chairman of the local executive committee, in which the latter is characterized as "most with a bigger heart than all others," was made public by the National Council today for the first time.

The streets were thronged tonight and the strains of martial music were heard throughout the downtown district. Drum corps and brass bands followed by grizzled veterans marched to and fro between department and army headquarters while sightseers filled the sidewalks and congested the street curbing. The streets were brilliantly illuminated and the national colors in all sorts of forms flew from every building in the business section. Visitors say the decorations are the most elaborate ever attempted in honor of a Grand Army encampment.

The program proper of encampment events begins tomorrow and includes a parade of naval veterans and military organizations. Camp fires begin tomorrow night. The national encampment legislative body will convene in a session on Thursday morning. The women's auxiliary of the Union ex-prisoners of war will also convene in annual session tomorrow afternoon.

DENVER, Sept. 4.—Receptions and reunions marked the opening today of the thirty-ninth annual encampment of the Grand Army of the Republic and the conventions of the various auxiliary organizations. It was a day of preparation for the many interesting features to come during the week. Incoming trains added thousands to the host of union veterans of the Civil war who had previously arrived, and 50,000 new regarded as conservative estimate of the number of strangers who will be in the city this week.

The old soldiers received enthusiastic welcome from their local comrades and the reception committee on passing through the depot gates, and express gratification at the ample preparations for their entertainment.

Various state headquarters were opened today in the hotels and the Colonial Dames' society kept open house in commodious quarters for the veterans and their friends after holding a reception in honor of General John R. King, commander in chief of the G. A. R. members of his staff and the ladies of his party. A reception was also given to distinguished visitors at the Women's club by the Women's Relief Corps, department of Colorado and Wyoming.

The workmen's parade, in celebration of Labor Day, was viewed with pleasure by many of the veterans, who will themselves march in procession later in the week. There were about 5000 marchers in the labor parade.

Indian dances in the city park were a feature of the day's entertainment.

Machinists and Santa Fe. TOPEKA, Kans., Sept. 4.—After hearing reports from a number of committees the annual convention of District No. 41, International Association of Machinists, today adjourned without setting a date for the conference which is to be held with the management of the Santa Fe railroad regarding the ending of the strike now on at the shops of that company.

School Opens Sept. 11

A house at the corner of S and Mariposa streets owned by T. C. White and occupied by Henry Sargavak, an insurance agent, was destroyed by fire Sunday night. A large curtain caught from an oil lamp, led burning while the family was out. Owing to confusion in turning in the alarm part of the fire equipment went in the opposite direction of the fire. The house was partly covered by insurance.

### GRAND'S NEW BILL.

The Show of the Season is Being Staged There This Week.

Every seat in the auditorium of the Grand theater was occupied last night at both performances. The people were there to see the new bill staged for the first time. They were expecting to see the best show of the season, and not one in the vast crowd that packed the popular little play house was disappointed. The performance was all that could be asked for, even the most exacting. There was not a single slow number on the program.

The entertainment was opened by A. J. Roberts and his quartet of trained bull terriers. The dogs are without doubt the best trained animals that have appeared at the Grand this season. They did an extensive series of tricks last night, which concluded their turn by a very amusing box punching contest. This act alone was well worth the price of admission.

Gardner and Revere, the singing and dancing specialists, contributed one of the most entertaining turns of the evening. Their jokes and songs were entirely new. Gardner's dancing was especially appreciated.

George Keane, the favorite tenor, sang a new and very pretty illustrated song entitled "The Altar of Memory." The song is universally considered one of the best of the late creations.

Herbert D. Chesler and company presented a very entertaining little comedy sketch. The acting of young Chesler, a boy of about 10 years of age, was particularly good.

The performance was concluded by a new and highly entertaining series of moving pictures on the Grand scope.

### YOUNG GIRL IN INSANE WARD.

An Armenian girl, booked as T. Korkian, has been placed by relatives in the insane ward, preparatory to examination for commitment to an asylum. She is at times violent and has to be strapped down to prevent her doing injury. Her home is about four miles west of town.

Julius Gabriel, a member of the California Automobile club, and party stopped in Fresno Sunday en route to a run from San Francisco to Los Angeles. The guests of Mrs. Gabriel were Marshall, Miss Cecilia Celler and W. J. Bigelow.

### THE FRATERNITIES.

Degree of Pocahontas to Banquet W. J. Enright and Mrs. Summers.

Navajo Council Degree of Pocahontas, met last night in the Wigwam and conferred the degree on W. J. Enright and Mrs. Summers.

Miss Anna Durham was nominated for membership by adoption. Mrs. Summers, the Great Minnehaha, read and submitted her report from this council to the members of the order. The council is a very prosperous condition, membership good and the financial standing excellent.

Mrs. Kreda, Lorena Babcock and Mrs. J. H. Whitely, who were the guests of the order, were present.

Arrangements for the banquet to be given in honor of W. J. Enright, the third highest officer in the great council of Red Men, and Mrs. Summers, holding the same position in the great council of Pocahontas, will be held on the fourth Tuesday of this month. It was left to the committee appointed for the purpose to decide as to the kind of entertainment and decorations.

Miss Nelson, Mrs. Enright and Miss Amber Justis were appointed on the social committee for this month.

At a duly made a speech in regard to her visit to the San Francisco councils while in the city.

### FRATERNAL BROTHERHOOD.

Fraternal Brotherhood lodge met last night at 8 o'clock with a good attendance. The regular business of the order was gone over and plans for an active campaign this winter in securing new members discussed. Next Monday night the lodge will give an ice cream social. An entertainment and dance will be in order for the evening.

### EAGLES.

Fresno Aerie No. 158 met together last night in their usual roosting place and held a very interesting meeting. Twelve buzzards were initiated into the mysteries of the aerie. Lewis, the president, and Nick Justy, president in the chair.

### ODD FELLOWS.

Fresno Lodge No. 158 met last night with a good attendance and held a regular business meeting. J. S. Barr was taken into the initiatory degree. A visitor from Black Diamond, Wash., who was in attendance, made a short speech on the grand old order.

### KNIGHTS OF MACCABEES.

The Knights of Maccabees met last night and had a short business session. Considerable number of members who went to Hanford for the celebration, the attendance was better than expected. Next Monday night several applicants will be shown into the mysterious works of the order. Two applications were received.

### FRESNO REBELS.

Fresno Rebels lodge No. 158 will give a social dance and a regular business meeting on Monday night. The lodge is working hard to raise capital for the anniversary banquet and social on the 20th instant.

### CHANGE IN POLICE COMMISSION.

H. H. Welsh offered position J. Wilbur Cate had resigned.

Police and Fire Commissioner Cate has resigned his office and Mayor Lyon is making the matter public yesterday announced that he had offered the position to H. H. Welsh. Mr. Welsh has not yet replied to the offer, preferring to take a day or two to think over the matter.

Mr. Cate had practically never taken up the duties of his place on the commission, but many of the higher officials early in the summer, but brief visits here since. During his visit here last week, he settled up his affairs and finally made the determination to reside permanently in the southern part of the state, and his resignation naturally followed.

### BORN.

ROGERS—In Fresno, September 3, 1905, to the wife of F. J. Rogers, a daughter.

HACOCK—In Fresno, September 4, 1905, to the wife of J. M. Hacock, a daughter.

BATRD—In Fresno, September 3, 1905, to the wife of W. E. Baird, a son.

### KILLED WHILE CLEANING RIFLE.

BERLIN, Sept. 4.—Baron Karl Kriegerstein, war correspondent of the Lokal Anzeiger, shot and killed himself accidentally while cleaning his rifle on Sunday.

## ACCIDENTALLY SHOT

### BULLET GRAZES BRAIN OF OFFICER COYLE'S DAUGHTER.

Shell of 22-Rifle Was Discharged While Girl's Cousin Was Unloading the Magazine.

Elizabeth Coyle, the seven-year-old daughter of Police Officer Joseph Coyle, was accidentally shot Sunday afternoon by Roy Coyle, her cousin.

The accident occurred at the San Joaquin river, and the child now lies at her home in a precarious condition.

The Coyle family left Fresno early Sunday morning for a day's outing on the banks of the San Joaquin river. They were a jolly crowd when they left in the early afternoon, but on the return trip were heart broken.

Upon arriving at the river, Roy took his 22-rifle and said he was going out for a hunt. He remained away for several hours and when he entered camp Mrs. Coyle told him to unload the rifle, as she feared the children might get hold of it and hurt themselves. He obeyed her and commenced to empty the gun by throwing the shells out of the magazine. One of the shells exploded in the ejector just as the lead point was above the barrel. The bullet struck Elizabeth at nearly a right angle, striking the little girl at the orbit of the right eye and running in the direction of the brain.

Mr. Coyle, in striking a bone about three inches from the entrance, the bullet turned at nearly a right angle again and made its exit about even with the top of the ear.

The Coyle family is supposed to have affected the brain and a light hemorrhage set in immediately. At present the little girl is in a serious condition, but the doctors are hopeful that recovery if brain fever does not set in.

As soon as the accident occurred word was sent to Officer Coyle, who with Dr. Thorne immediately started for the home at once, standing the hard trip very well. Upon reaching home, Dr. R. S. Anthony was also called in. At the last report last night the child was resting easy.

## IN DEFENSE OF MR. ROCKEFELLER

### NEW YORK MINISTER SAYS J. D. IS MALIGNED.

Governor La Follette's Criticisms of the Standard Oil Magnate Are Denounced as Pierce.

NEW YORK, Sept. 4.—Defense of John D. Rockefeller and denunciation of Governor La Follette of Wisconsin, who criticized him, were the features of the sermon delivered last night by the Rev. Dr. Robert S. MacArthur, who has just returned from a summer lecturing tour on the Chautauque Assembly platform.

Dr. MacArthur made special reference to the speeches of Governor La Follette which related to the head of the Standard Oil company and declared them to be exaggerations which only served to "excite sympathy for the person against whom they were directed."

"Governor La Follette's attack on Mr. Rockefeller," said Dr. MacArthur, "is positively heroic. His criticism of Mr. Rockefeller is cruel, coarse and severe to the almost extreme. It is degrading to his own object, creating sympathy for Mr. Rockefeller. The governor was guilty of exaggeration which reached against Mr. Rockefeller in favor of the object of his denunciation."

The pendulum is swinging toward favorable judgment of Mr. Rockefeller, said Dr. MacArthur, in a monthly magazine of members of his family. I hesitate not to affirm that the writing of these articles is creating a reaction in favor of Mr. Rockefeller, and I am sure that when I say that Governor La Follette shocked his audience. There is a vast amount of ardent hypocrisy in public speakers' denunciations of millionaires. Probably all of these speakers would be millionaires if they could."

Dr. MacArthur paid a glowing tribute to William J. Bryan, speaking of him as the foremost figure on the platform today.

"Mr. Bryan delivered a lecture entitled 'The Prince of Peace,' which is one of the greatest lectures of our times," said Dr. MacArthur. "It is really a sermon and he frequently delivers it on Sundays."

Dr. MacArthur characterized Governor La Follette's addresses as models of patriotism and the governor as a man of the noblest ideals.

## THE GREATEST TRIP OF THE YEAR

### Via Ogden to Monda, Thence by Stage Through

The above is a mere outline of the trip. The route embraces some of the grandest scenery on earth—Sierras, across Salt Lake, through Utah and Idaho, a week in the wonderland of the Yellowstone, through Spokane, across Washington to Portland and home by the Shasta Route or vice versa.

## LYING AT DEATH'S DOOR.

### Friends of J. E. White Nearly Abandoned Hope Yesterday.

J. E. White, one of the best known young business men of Fresno, who has been very sick with typhoid fever for five weeks at his home on Sacramento street, was taken very much for the worse on Sunday, so that all hope was given up until late yesterday afternoon. At that time he took a turn for the better.

On Sunday night, W. H. Hollenbeck, who is White's father-in-law, was summoned from San Francisco by telegraph and arrived in Fresno at 3 o'clock by the Santa Fe, to learn that the young man was apparently some better and might pull through. Dr. Davidson had been up with him all the night before, and gave hope that heroic measures might yet save him.

The illness was contracted at Santa Cruz, where Mr. and Mrs. White had gone for their vacation. They lived in the tent city there and the disease is supposed to have been contracted because of the poor drainage and sanitation.

## There are seventy-five million people in this country.

### THE LADIES' HOME JOURNAL is read by five million of them.

There are thirteen million homes in this country. THE LADIES' HOME JOURNAL goes into one million of them.

The homes which are reached by THE LADIES' HOME JOURNAL are selected by a process of elimination measured by the standards of THE LADIES' HOME JOURNAL.

Its readers are bound to be women who have homes to buy for, tastes to appreciate good things, money to pay a fair price, and who, as they look upon THE LADIES' HOME JOURNAL as an authority in all matters pertaining to the conduct, furnishing and decorating of a home, so do they look upon the announcements of advertisers in its columns with the same faith.

This faith we have carefully cultivated to the extent of making good to subscribers any loss which may come through an advertisement which by any oversight might be admitted to its columns.

Such a method of selection would give you not any five million, but the best five million, out of seventy-five million.

## Royal Sodas

Argument No. 3. THE MAKING of "American" biscuits is a matter involving scientific accuracy, infinite care and scrupulous cleanliness.

There's no guess work—everything is weighed and measured, and no ingredients are received without expert inspection. Competent bakers, proper blending of the purest ingredients, and a practical experience of fifty years form the basis for the broad guarantee that stands behind "AMERICAN" biscuits.

Give this brand a trial. Ask your grocer for "ROYAL SODAS" in the "Acrite" Carton.

## SECRETARY TAFT TO THE CANTONESE

PLAIN SPEAKING AT BANQUET TO THE VISITORS.

Told Them That Boycott of American Goods Is a Violation of the Treaty Provisions.

HONGKONG, Sept. 4.—The Taft party arrived at Canton this morning and proceeded to the American consulate, where its members were met by a battalion of the viceroys' guards. After a reception at the consulate, the party became guests of the new Canton railway, covering its entire distance.

At 1 o'clock the visitors were entertained at luncheon by invitation of the viceroys, who, however, was ill and unable to be present. His representative made a speech referring to the friendly relations between China and America.

Secretary Taft in his response said that by direction of the president he was pleased to note the friendly relations of the two countries. The United States did not want one foot or one acre of the soil of China. The secretary said he thought the boycott of American goods was an unresponsible violation of treaty rights and conditions between the two countries, and declared that he was glad the viceroys had ordered the boycott stopped.

The party's trip to Canton has had an immense effect and it is believed that within two weeks the boycott will end. The viceroys on Monday morning gave notice that he had ordered the boycott to be declared off and all of its leaders were to be arrested and punished. Old residents of Canton say they believe the agitators are using the boycott as an excuse for a demonstration against all foreigners.

During their stay in Canton a few members of the Taft party visited the old city. They made many purchases and were treated with great respect, there being no evidence of ill feeling. The entire party returned to Hong Kong late tonight.

### FORMAL REPORT OF ROYAL LARCAN ON AMENDMENT OF LAWS.

PUT-IN-BAY, Ohio, Sept. 4.—The following statement concerning the final determination of the Royal Larcana convention was made today by Supreme Secretary Robson:

"The laws were amended by striking out option 'B' by a decided vote. We also made option 'B' and 'C' applicable to the present membership only, and restricted new members to a selection between the regular rates and option 'A.' An amendment was also adopted for the medical examination of members, suspended since June 1st if they apply for reinstatement before November 1st.

"The proposition to create a fraternal fund by the annual contributions of 20 cents from each member, to be used in payments of assessments of injured members, was referred to an executive committee with power to procure the necessary state legislation, the proposition being contrary to the laws of the state of Massachusetts."

### NEW YORK MAN IS CHOSEN TO SUCCEED SECRETARY LOOMIS.

OYSTER BAY, N. Y., Sept. 4.—Robert Bacon of New York has been appointed assistant secretary of state in succession to Francis B. Loomis, resigned. President Roosevelt authorized today the official announcement of Bacon's appointment. The appointment was agreed upon almost as soon as Elihu Root accepted the office of secretary of state, but not announced. Bacon has for many years been an important factor of business life in New York city, having until within a year or so ago, been a junior partner in the banking house of J. P. Morgan & Co. President Roosevelt has known Bacon for many years and came particularly into contact with him at the time of the settlement of the anthracite coal strike. Bacon will not assume the duties of his office probably before the middle of October.

### DEBRIS CITED ON LAKE SUPERIOR IS PROOF OF WRECK.

HANCOCK, Mich., Sept. 4.—Floating timbers and other debris from some ship was sighted by Captain Martin of the steamer Juniata, which arrived here today. The wreckage was passed ten miles to the eastward of Portage and is believed to tell the tale of another ship and crew claimed by the great lake now sweeping Lake Superior. The Juniata did not pass close enough in the storm to make out what boat the wreckage was from.

### HAVANA POLITICS LEADS TO FIGHTING ON PUBLIC STREETS.

HAVANA, Sept. 4.—During a street demonstration by liberals at Guanabacoa last evening, which Gomez, the fusionist candidate for the presidency, and other political leaders, were twice engaged in fights with moderates, there was much stone throwing and several shots were fired. The occupant of a carriage was seriously wounded by a revolver bullet and six other persons were injured by missiles.

Secretary Bonaparte's Vacation. WASHINGTON, Sept. 4.—Secretary Bonaparte has gone to Baltimore to remain until Thursday, when he will go north to Lenox and join his family for a vacation of a week or ten days. Assistant Secretary Darling will act as secretary in his absence.

To Celebrate Universal Peace. LEIGE, Belgium, Sept. 4.—On the initiative of the French commissioner to the Belgian exposition now in progress here, a day will be set for a grand celebration of universal peace, to occur as nearly as possible simultaneously with the signing of the treaty of Portsmouth, New Hampshire.

Free Thinkers' Conference. PARIS, Sept. 4.—The congress of Free Thinkers opened here today. Delegations from all the countries of Europe and the United States and South America were present. The president's address said that the pacification of the Far East had proved the moral grandeur of the United States.

TURN, Sept. 4.—The international congress to establish an international system for maintaining the standard of pure silk goods assembled here today. Several delegates from the United States were present.

### ARMENIAN EMPLOYEES OF BAKU RAILROAD OBJECTED TO "SCABS."

ST. PETERSBURG, Sept. 4.—A private dispatch from Baku, Caucasus, reports extraordinary encounters between troops and the Armenian employees of the street railways whose places have been taken by soldiers. The disorders commenced September 2d, the Armenians firing first on the soldiers on board the cars. Eight Muslims, three Armenians, and one Russian were killed. The encounters continued well into the evening of September 3d firing recommenced, but no casualties were reported.

ST. PETERSBURG, Sept. 4, 7:45 p. m.—Dispatches received by the ministry of the interior estimate that fifty persons were killed during the fighting at Baku, Caucasus, September 2d, with a relatively large number of wounded, the majority of whom were Tartars. No official accounts of Sunday casualties nor the events of the day have been received up to 6 o'clock this evening, but private dispatches report that corpses are lying in the streets, and that incendiary fires are in progress.

Both factions after the former disorders supplied themselves fully, with arms and they are now armed and equipped for street fighting as troops. The situation not only at Baku, but also throughout the Caucasus, has been exceedingly tense for weeks. The disorders at Shuhla had just ceased when the street car strike at Baku furnished the occasion for an outbreak.

### CHILD'S BODY FOUND UNDER CIRCUMSTANCES INDICATING BRUTALITY.

NEW YORK, Sept. 4.—Child murder of unusual cruelty was discovered when the body of a 5-year-old girl was found early today in a dark stairway in a West End tenement house. Both legs had been broken at the knees. There were nine stab wounds in the face, evidently made with a penknife, and numerous other bruises. The body was well dressed. The murdered child was later identified as Gertrude Riemont, a daughter of Mrs. Agnes Riemont, who lives in a tenement house at No. 431 West Forty-fifth street. The identification was made by the janitress of the house where the child's mother lives.

### MOROCCO PEOPLE IN PANIC CONDITION BECAUSE OF FRANCE.

TANGIER, Morocco, Sept. 4.—The French ultimatum fixes a time limit of September 5th. If the French legation withdraws it is expected that the British minister, who fully supports French demands, will also withdraw. A popular outbreak is anticipated if France makes any naval or military demonstration. A feeling of panic prevails and most of the stores are closed owing to conflicts in the suburbs between the followers of Raisuli and other tribesmen.

### PORTUGUESE WOMAN IN STATE ASSEMBLY FOR ANNUAL SESSION

STOCKTON, Sept. 4.—The annual session of the Ladies' Council of the Union Portuguese Protective association of the state of California, convened here this morning at Fraternal hall. State President Mrs. Marie A. Phillips presided. Mayor Gardner delivered an address of welcome. The proceedings are in the Portuguese language. The session will last three days.

Students of Penology. BUDAPEST, Hungary, Sept. 4.—At today's session of the international prison congress, Judge, Simeon E. Baldwin of Connecticut, professor of international law of Yale university, presented a report on the question "By What Principles and in What Manner May Convicts be Given Work in the Fields or Other Public Work in the Open Air?"

### A DAYLIGHT TRIP.

Through San Joaquin Valley in Parlor Cars. Travelers on the Southern Pacific may now see the great San Joaquin valley by daylight while riding through it in comfortable parlor cars. These new and finely furnished cars are carried on train No. 84, the Bakersfield Passenger, which leaves San Francisco daily at 8:30 a. m., arriving at Bakersfield 6:05 p. m., and on train 83, leaving Bakersfield 7:30 a. m., and arriving at San Francisco 4:00 p. m. These cars have large windows and easy cushioned seats. The daylight trip enables the traveler to see all the great valley.

Spain. S. A. Reed, Cisco, Texas, writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless, and after several months of treatment failed to give relief, used Ballard's Snow Liniment and was cured. I earnestly recommend it to any one suffering from sprains." Sold by Geo. H. Monroe, Special Agent.

### MACHINISTS' ORDER ELECTED OFFICERS IN ANNUAL MEETING.

TOPEKA, Sept. 4.—The final session of the district court No. 41 of the International Order of Machinists, which is holding its annual meeting in Topeka, has elected these officers: President, L. C. Neyer, Fort Madison, Mo.; first vice president, B. W. Gibbs, Needles, Cal.; second vice president, F. A. L. Irwin, Leburne, Tex.; third vice president, J. C. Waters, Baton Rouge, La.; secretary and treasurer, C. W. Smith, San Bernardino, Cal.; conductor, W. M. Davis, Argenteiro, Ark.; side sentinel, Walter E. Emmertson, Arkansas City; statistician, H. H. Fisher, Newton, Kansas.

A committee authorized to serve in the event of a conference with the officials of the Santa Fe regarding the strike of the machinists was named, but the delegates refused to give out the names of the men composing it.

### SUMMER RESORTS Not a Dull Moment at Santa Cruz

### THREE JURORS CURED Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower Ala., relates an experience he had while serving on a jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some sausage meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture. The druggist sent me a bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted by the same manner and one small bottle cured the three of us." For sale by all druggists.

D. 1905, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 23rd day of September, A. D. 1905, to pay the delinquent assessment, together with costs of advertising and expenses of sale. M. J. LAYMAN, Secretary. Rooms 39-40, Chronicle Building, San Francisco, California.

### Summons.

In the Superior Court of the County of Fresno, State of California.

No. 11,155—Department No. 1. Anna E. Faxon and Frank Norment, her husband, Plaintiffs, vs. Arakjian, Jacob Arakjian, John Doe, Richard Roe, Sam Summons and Jennie Doe, Defendants.

The People of the State of California send greeting to M. Arakjian, Jacob Arakjian, John Doe, Richard Roe, Sam Summons and Jennie Doe, Defendants.

You are hereby directed to appear, and answer the complaint in an action entitled as above, brought against you in the Superior Court of the said County of Fresno, State of California, within ten days after the service on you of this Summons—if served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required the said Plaintiffs will take judgment for any money or damages demanded in the Complaint, as arising upon contract, or they will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and seal of the Superior Court of the said County of Fresno, State of California, this 14th day of June, A. D. 1905.

(Seal) W. O. MILES, Clerk. By J. E. Cartwright, Deputy Clerk. M. B. Harris and E. M. Harris, Attorneys for Plaintiffs.

### Trustee's Sale.

Whereas, Adelaide E. Thomas, as party of the first part, did execute a certain deed of trust, dated the eleventh day of March, A. D. 1901, to George M. Perine and Grant Cordrey, as trustees, for the benefit and security of the Renters' Co-operative Investment Company, now the Renters' Loan and Trust Company, a corporation, which deed of trust is on file and of record in the County Recorder of the County of Fresno, State of California, on the 22d day of March, 1901, in Liber 265 of Deeds, at page 44.

## "OWL" IN COLLISION

CRASHED INTO BOX CARS IN KINGSBURG SIDING.

Investigation Indicates That Switch Was Left Open By Careless Trackwalker.

At midnight Saturday night, the southbound Owl train was damaged and narrowly escaped being wrecked at Kingsburg. The train crashed into a train of box cars on a siding, though the breaks had been applied, the impact damaged the pilot of the engine, and the reaction tore the passenger train in two, breaking one of the couplings.

The train had been about twenty minutes late upon arrival at Fresno, and started out to make time on going south. It was composed of engine and 11 L. B. Burd was engineer. When some 350 or 500 yards west of the switch that opens into the Kingsburg siding, the engineer suddenly noticed that the red light was turned on by switch, and applied the emergency brakes. A train of box cars was standing just beyond, upon the siding, and the collision drove them about two car lengths ahead.

When the train was stopped, all damages reckoned, it was found that the passengers were considerably shaken up, but no one was hurt. One of the couplings was probably a little weak, and broke. The two parts of the train were chained together, then backed out of the switch and drew up to the Kingsburg siding, where it lay until 11 P. M. When the engine was released, the train was started, and the trainmen could arrive at no plausible conclusion as to the cause of the open switch. The lantern was not changed, but was burning dimly. The chain was hanging unhooked, and it was thought at first that some miscreant had picked the lock, but had not known enough to change the light.

At Fresno, the train was stopped. Sheriff Hargraves and Deputy Sheriff Hargraves, who were on duty that morning to make an investigation, and was assisted by Constable Dunbar of Kingsburg and Constable Nixon of Fresno. The investigation learned that could give a clue. About 10:30 o'clock, a southbound freight had preceded the Owl without difficulty, leaving but an hour and a half margin in which the change was made. The engine crew of the Owl noticed a mile or so west of Kingsburg two men riding on a motor cycle on the track and had dismounted to permit the passing of the train. As the Owl drew into Kingsburg during the train's delay there, the trainmen concluded that they had been going north on the track.

The officers learned that the track walker, who covers the line north of Kingsburg, had been drinking during the day, and came to the conclusion that he had carelessly left the switch left before the arrival of the Owl and then gone on.

The railroad company sent some men down to investigate the matter during the day, but nothing was given out.

## Baseball Team Banqueted.

Dr. N. T. Burke, an enthusiastic fan, promised the Fresno ball team a supper if it defeated Stockton in Sunday's game. As the team delivered the goods, the doctor "put 'em over the plates" in the Sequoia and last night the team, including about twelve men, and a few other guests, sat down to the spread. After the feasting there was speech-making. The poor showing made in yesterday's game was freely commented upon. Of course such things will happen in baseball, but the boys agreed that once in a season was often enough for it to occur. The belief was expressed that if the present team keeps together it will capture the pennant.

## Drowned in Swollen River.

HAZLETON, Pa., Sept. 4.—A terrible storm passed over Hazleton today. Frank Smith, a boy, was drowned while crossing a swollen creek at Eckley.

## CLUBS SPLIT EVEN

FRESNO WON SUNDAY IN SEASON'S BEST GAME.

And Yesterday Stockton Won the Worst Exhibition Ever Seen on the Local Diamond.

Standing of Clubs.	W.	L.	T.	P.
Presidio	3	0	1	1000
Fresno	4	1	0	.800
Stockton	4	1	0	.800
San Jose	1	2	0	.333
Oakland	0	4	0	.000
San Francisco	0	4	0	.000

## Results.

Sunday: Fresno 3, Stockton 2.

Presidio 3, Oakland 2.

San Jose 3, San Francisco 3.

Yesterday:

Stockton 3, Fresno 1.

In the best and the worst exhibitions of the entire season, the Fresno and Stockton teams split even on their brace of games. The Sunday game was Fresno's, and it was pronounced by every fan to be the fastest and most exciting game of the year. And yesterday—oh, what a headache! Honestly, it was so bad it was good. Fresno played its star game in the error column, piling up a total of sixteen misplays. The game was simply given to Stockton. And now the situation is practically the same as it was on Saturday—Fresno and Stockton are tied, and the Presidio team leads the league.

But about the Sunday game first. It started off like a sure thing for Fresno, the visitors being blanked in the first inning, while Fresno opened up with two men on the bases—through a walk and an error. Clynes sacrificed, and advanced both runners, but Ferguson and his team braced up and the runners got no farther. It was in the fourth inning that the run-getting began. Clynes led off with a single, and Cartwright followed him for every game in which he had failed to hit by lining out a pretty three-bagger, scoring the first run. Cartwright's ankle, injured at San Jose, was hurting him and Britt took his place, but was retired attempting to come home. In the next inning Hopkins was a mark, Stockton gathering in four hits, three of them doubles, and scoring three runs. McKune's ears sank low, and little hope of victory was felt. But the Fresno boys had not yet begun to play. In the sixth Clynes once more clouted the sphere for two sacks. Schimpff's hit to Ferguson advanced him to third, and immediately afterward, when Cartwright attempted to sacrifice and the Stocktonians moved in, the ball struck the catcher's glove and put out, he stole home, making the plate by a head-foremost slide; that for a few moments put him in the land of dreams. Meantime Cartwright had gone on to second. McKune was next up and the "Terrible Terry" made good with a vengeance by lining out another double. The red light was turned on by switch, and applied the emergency brakes. A train of box cars was standing just beyond, upon the siding, and the collision drove them about two car lengths ahead.

When the train was stopped, all damages reckoned, it was found that the passengers were considerably shaken up, but no one was hurt. One of the couplings was probably a little weak, and broke. The two parts of the train were chained together, then backed out of the switch and drew up to the Kingsburg siding, where it lay until 11 P. M. When the engine was released, the train was started, and the trainmen could arrive at no plausible conclusion as to the cause of the open switch. The lantern was not changed, but was burning dimly. The chain was hanging unhooked, and it was thought at first that some miscreant had picked the lock, but had not known enough to change the light.

At Fresno, the train was stopped. Sheriff Hargraves and Deputy Sheriff Hargraves, who were on duty that morning to make an investigation, and was assisted by Constable Dunbar of Kingsburg and Constable Nixon of Fresno. The investigation learned that could give a clue. About 10:30 o'clock, a southbound freight had preceded the Owl without difficulty, leaving but an hour and a half margin in which the change was made. The engine crew of the Owl noticed a mile or so west of Kingsburg two men riding on a motor cycle on the track and had dismounted to permit the passing of the train. As the Owl drew into Kingsburg during the train's delay there, the trainmen concluded that they had been going north on the track.

The officers learned that the track walker, who covers the line north of Kingsburg, had been drinking during the day, and came to the conclusion that he had carelessly left the switch left before the arrival of the Owl and then gone on.

The railroad company sent some men down to investigate the matter during the day, but nothing was given out.

Baseball Team Banqueted.

Dr. N. T. Burke, an enthusiastic fan, promised the Fresno ball team a supper if it defeated Stockton in Sunday's game. As the team delivered the goods, the doctor "put 'em over the plates" in the Sequoia and last night the team, including about twelve men, and a few other guests, sat down to the spread. After the feasting there was speech-making. The poor showing made in yesterday's game was freely commented upon. Of course such things will happen in baseball, but the boys agreed that once in a season was often enough for it to occur. The belief was expressed that if the present team keeps together it will capture the pennant.

Drowned in Swollen River.

HAZLETON, Pa., Sept. 4.—A terrible storm passed over Hazleton today. Frank Smith, a boy, was drowned while crossing a swollen creek at Eckley.

## Diamond Flashes.

"Sauerkraut" Schimpff was the star of the Sunday game, as far as fielding was concerned, nabbing several difficult chances. He was the star yesterday, too, in the error column.

"Babe" Clynes is making a great hit with the Fresno fans, having proved himself the most reliable batter on the team. Out of seven times up in two games he gathered five hits, 2 of them being doubles. As a base-runner, too, he has no superior, his steal home in the Sunday game being one of the features.

Walter Nagle is a good pitcher. Outside of one inning the Stocktonians could not connect with him at all. In the series of games between the two teams Nagle would get away with the most of them.

Jack team broke the other's winning streak. But each will probably continue to win from now on and it is a safe bet that at the end of the season Fresno and Stockton will have to fight it out in a post-season series for the pennant.

The attendance at both games was good, showing that local fans are beginning to appreciate that Fresno has a good team at last.

Apparently were thrown to the players from the grandstand, and in the evening the more enthusiastic fans made up a purse for Hopkins.

San Jose got away with San Francisco Sunday by the score of 5 to 3, while the Presidios beat Oakland 3 to 2.

Next Sunday the Presidio team makes its first appearance in Fresno, and a great game can be expected. The soldier boys at present lead the local boys—they have not played. After Fresno, Stockton or San Jose. They are acknowledged to be a formidable bunch.

## INSPECTED SEPTIC TANK.

Mayor and Trustees: Shaw Examined Hanford's Sewage System.

Mayor Lynde and the trustees took advantage of the holiday yesterday and went with the Fresnoites that were to celebrate in Hanford yesterday and at the same time to inspect the city sewage system and septic tank.

The official visitors from Fresno were met by the chairman of the board of trustees and the city engineer with a carriage and taken for a drive over the city. They then drove out to Hanford's septic tank, which is about two and half miles from town. The tank is a covered box, about twenty-five by fifty feet by five feet in depth. The water that flows from the tank is perfectly clear, and Mayor Lynde declared that it was impossible to detect any odor.

The tank is drained into a long slough, which is about thirty feet wide and runs the length of the 160 acre farm. There it is drained into a pipe and carried for some distance to a place where it is used for irrigation.

The town of Hanford paid \$5500 for this 160 acre farm, which is used for farming as it is heavily alkali. All the adjoining farms have ranch houses with families, but there is no complaint from the neighbors because of any stench from the septic tank. The citizens of Hanford are very well pleased with their investment.

The sewage of Hanford is only about one-tenth that of Fresno, though Fresno is but three miles larger in area. The great amount of water used here on lawns and in the large establishments of the city increases the proportion of water drained off in the sewer. On their return to Hanford, Mayor Lynde was invited to speak during the afternoon exercises, but as he had to get back to Fresno early in the evening, he had to decline.

## PARK RESOLUTIONS

SUPPORT MOVEMENT FOR REFORM IN CHINATOWN.

Will Be Presented to Trustees Tonight—Ministers and Consul on Trip of Inspection.

The union meeting of members of the city churches, assembled in the court house last Sunday evening, adopted resolutions in support of the present movement for the improvement of moral conditions in that portion of Fresno known as "Chinatown." These resolutions will be presented to Mayor Lynde today in time for presentation to the regular meeting of the Board of Trustees.

A committee of the Japanese reformers, early in the week had visited upon members of the Ministerial union and upon the W. C. T. U., and had asked that support be given to the reform movement. The W. C. T. U. met last Tuesday evening to adopt resolutions in support of the movement. On Sunday evening, before the sermon in the park, Rev. Harcourt W. Peck, who was chairman of the meeting, presented the resolutions. They were unanimously adopted, and Rev. Peck and Rev. Duncan Wallace of the Cumberland Presbyterian church as secretary were authorized to sign them and present them to the mayor on behalf of the meeting.

## Park Resolutions.

To His Honor, the Mayor, the Police Commissioners and the Board of Trustees of Fresno, California:

Gentlemen:—We, the pastors, members and adherents of the evangelical churches of Fresno, California, desire to express to you our most hearty appreciation of your efforts, and those of the Japanese Reform committee, to drive out of our city the gambling hells and houses of prostitution.

"We wish to assure you that we will be firmly and steadily supporting you in all well-considered efforts made in that direction, and expect that there will be no cessation of our efforts until the desired end is reached.

"If allowable, we would suggest that without fear or favor, the severest penalties for the violations of such ordinances and laws as bear upon these, and other kindred vices, be made to fall heavily and continuously, especially upon the owners and proprietors of all houses of prostitution, and upon all dishonest or immoral purposes, thus removing the chief incentive, viz., ill-gotten profits.

"We would further suggest, that as far as possible, the widest publicity be given to the names and residences of such human vampires, that upon them may fall the well-merited contempt and execration of all honest and decent citizens.

"We are gentlemen.

Respectfully yours,  
BARCROFT W. PECK, Chairman.  
DUNCAN WALLACE, Secretary.  
Fresno, Cal., Sept. 3, 1905.  
W. C. T. U. Resolutions.

To His Honor, the Mayor, the Police Commissioners and the Board of Trustees of Fresno, California:

Gentlemen:—We, the Women's Christian Temperance Union of Fresno, California, believe that, as God created both man and woman in His own image and likeness, therefore there should be no standard of purity for both men and women.

"We wish to express to you our heartfelt endorsement and co-operation with the movement that is being made by the Japanese Reform committee to suppress the gambling evil in Chinatown, Fresno, and, also, to lessen the existing immorality in that part of our city by the removal of the great number of houses of prostitution.

"We desire to commend the steps already taken by you, Mayor and the city officials toward that end, and urge that you be not discouraged by the opposition of the few who are opposed to the removal of the purity of our city be removed from our midst.

"We are gentlemen.

Respectfully yours,  
MRS. ROBERT BALLAGH,  
President W. C. T. U.  
Fresno, Cal., Sept. 1, 1905.

## Consul Is Co-operating.

Yesterday Rev. Peck, together with Consul Uyeno of the Japanese and Rev. Peck, who was chairman of the mission, spent some time in Chinatown and the Japanese quarter in examining into conditions. Rev. Peck said last evening that he had been very busy with the mission of affairs and that he was surprised that the Japanese should wish to encourage a movement for suppressing gambling and removing houses of vice from their midst. The consul is giving his encouragement to the movement, as it will improve the general condition of his countrymen here.

The petition asking that the city act vigorously in enforcing the gambling ordinances against the Chinese that are flourishing openly upon Tulare street and Chinatown is receiving the unanimous support of the Japanese. They have offered to give material support to any legal measures adopted. The petition is as follows:

To His Honor, the Mayor, and the Board of Trustees of the City of Fresno, Cal.:

Honored Sirs:—In behalf of the Japanese community and the wide circle of Japanese people of the entire state, represented by the Christian Japanese League, the Buddhist association and the Japanese Association of America, we humbly call your attention to a great evil and beg you to do your utmost to remove it at the earliest moment.

We refer to the gambling dens of the Chinese in Chinatown, Fresno, some of which in appearance are only ordinary stores.

"This is of long standing and is generally known and talked about by the Japanese of the whole Pacific slope. We do not deem it necessary to call your attention to the effect of such gambling upon the moral and economic conditions among the American people and the Asiatics resident among you. Far be it from us, also, to approach you

## For the Critical Shaver

Our stock of shaving supplies appeals to men who know what they want—men who are judges of quality and insist upon getting the best of everything. There's not an item in our big stock but that bears the stamp of quality. In addition to the lines ordinarily carried—keen razors, soaps, lotions, etc.—we are exclusive agents for the two best safety razors on the market.

## Gillett and Griffin

If you have any doubt as to the superiority of these razors over any others let us sell you one subject to return if not satisfactory. Isn't that fair? Prices from \$1.25 a set up, according to number of blades wanted.

## Those "Snap Shots"

You took while on your vacation cannot be restored if spoiled in developing them. Get your supplies of us and insure best results. Have everything you want and of just the high grade you want. Prices right, of course.
